pose, as was done in Tennesnessee, of delivering the State from bondage to vice. In this local rebondage to vice. In this local rebondage to vice. In this local relocal from the supreme court reports.

By alf. Ferguson—To provide each tion:

Resolved, That the committee of finance clude the residuum of the income tax is hereby instructed, curring the recess of constitution to congress, to carefully examine the exist.

Resolved, That the committee of finance is hereby instructed, curring the recess of constitution to our shippers. By a clude the residuum of the income tax is hereby instructed, which will make good the laws no foreign vessels can carry our coal from Philadelphia to Boston, but they are the proceeds of the sale of while they are the process. reject this bill failed, and it passed the States, with a view to propose such The proceeds of the sale of public they can from Nova Scotia to Boston.

ealble burden upon the people.

the two in one bill and notably so in an act passed two years ago. The modication of one compels the modification of the other. The logic of the done to give the greatest possible reon of the other. The logic of the subject matter compels us to consider the whole revenue when proposing to reduce either from taxes. Still, to

while considering the whole subject of taxation, to confine their amend-special taxes which make it necessary for revenue, it yields over one million ments to custom duty and to offer these amendments to one bill ty of the United States. These special ty of the United States are the United States. These special ty of the United States are the United States repeal by the house substantially onforms to the amount proposed by he senate. The house will no doubt n due time pass a bill to reduce internal taxes, when the senate can propose its amendments. In debate, however, we must consider the subject as a multitude of agents for the sale of tariff must be treated as a whole. how much revenue we can dispense annoyed by the expensive mode of and free woolens. Whether we re with and what taxes ought to be repealed or modified. Since the close of
the war it was the highest public polter regularies of the duty on coal and salt as revspecial taxes on spirits, tobacco and
the duty or protective duty, they
beer can be consolidated with the
tax regularies of the duty or protective duty, they
to regularies out to be entirely repealed, and icy to maintain our revenue largely in tax now levied on the manufacture of therefore the house bills ought not to excess of our expenditures, for a large surplus revenue was not only useful to pay our unliquidated debt, but was of great importance in re-establishing we can dispense with the vast army of these duties in the same degree will currency and reducing rates of interest. But the time has now arrived when The upper house of the Prussian we can safely reduce our revenues to where whisky, tobacco and beer are make tea and coffee free by twice we can safely reduce our revenues to barely enough to pay the expenses of the government, economically administered—interest on public debt and such additional as it may seem to be good policy to apply on principal. The expenditures during the last fiscal year, ending June 30th, 1871, for the government fiscal year, ending June 30th, 1871, for the cognized as peculiar objects of taxager on the circulation. The taxes on the circulation of finance. Instead of repealing entirely the duties on coal safe the and coffee free by twice passing bills for that purpose, but it is manifest that fit is done we must postpone for the present all other reductions of duty.

I now come briefly to consider the measure proposed by the committee on finance. Instead of repealing entirely the duties on coal safe the and coffee free by twice passing bills for that purpose, but it is manifest that fit is done we must postpone for the present all other reductions of duty. corrent fiscal year, partly estimated at \$293,403,382, for the next fiscal year estimated at \$273,025,778. These enter our internal revenue system and them. We reduce duties on lumber, rice, sums exclude the sinking fund and all payments on the principal of the debt. The net receipts of the government during the past fiscal year endthe sums exclude the sinking fund and are rather regarded as a fund from lead and other srticles. The raw products of industry on which the present duties are excessive, are largely added to the free list, and we propose a reing June 30th, 1871, were \$383,from this tax over these ex328,944, and for the current fiscal

## MATHUSHEK PIANO!

PURE, SWEET, POWERFUL, DURABLE !

Is working a Revelution in the mind of Munical Critics. Unquestionably, the requisites in a Pinne are volume and quality of Tone, and DU-RABILITY. The Mathunbuk is constructed on new principles, in-uring, beyond all question, GREATER DURABILITY. Its STRINGS, OR AN AVERAGE, AR. LONGER than in other makes, thus SU-CURING GREATER VOLUME OF TONE.

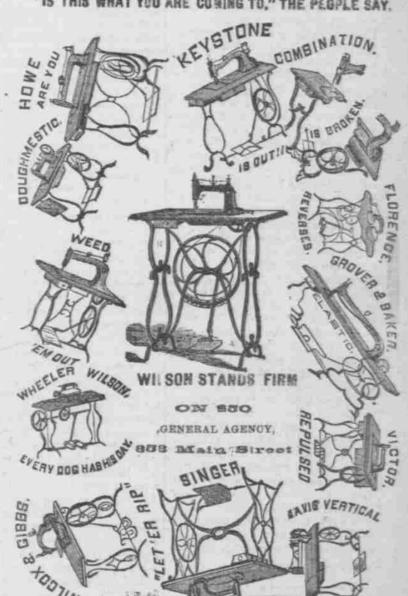

The registers are spiendidly balanced, the tones are RICH, MELODIOUS, MAGNIFICANT—
it gives forth no thin, wiry, humble-bes tones, its compass of power is wonderful. It can THUNDER and WHISPER with equally pleasing effect.
